

**Ms. Joan Corley: President**

Joan joined the Land Conservancy of Ridgefield (LCR) in 2013 as Vice-President. In 2014, Joan also became the Chair of the Finance Committee and the coordinator of the LTA Accreditation team. In 2016, Joan became President.

Joan has a deep commitment to preservation of land and a strong desire to ensure the LCR takes the right steps to maintain our hard-earned National Land Trust accreditation status. She volunteers on the LCR Board of Directors to help ensure the organization is sustainable and can achieve the LCR land preservation mission for many years to come.

Joan has strong leadership and organization skills and extensive knowledge of business and program management, which has benefited the LCR throughout her term as a Board member. In addition to her volunteer work for the LCR, Joan has served and is currently serving on several other not-for-profit Boards.

Joan has been living in Ridgefield since 1990. She recently retired from a 38-year career in global business. She enjoys spending time with her family and being active with hobbies such as gardening, bee keeping, discovering the beauty of Ridgefield and the surrounding areas, and traveling.
